

Later from the Army.
J. A. Freeman, Wm. McGuire, and O. S. Mercer, arrived here on Wednesday last, direct from the Army at Camp Scott. The above party were connected with the State's winter with the army. The weather was very bad most of the way, and with snow, rain and cold weather, the trip was one of the greatest hardships.

The party that came in report that Johnston's command is in good health, but provisions were quite scarce, except poor beef. The soldiers get bacon but once in 14 days.

Col. Johnston was anxious to move on to Salt Lake, but would not be able to make a start until fresh supplies of animals were received.

A Mexican express was met at Green River, from New Mexico, with news from Capt. Marcy, who had gone to Santa Fe for stock. The express reported that Marcy with stock before the 1st of June, in consequence of the great quantity of snow in the Mountains between New Mexico and Camp Scott.

A man had arrived at the camp a few days before the party left, who had escaped from Salt Lake. He was in a dreadful plight when he got to the camp, being badly frost-bitten and nearly starved. This man reported that the Mormons were equipping companies to come out on the road this spring and cut off the trains and harass the troops.

Col. Hoffman, with two companies of Cavalry and 150 wagons, with supplies, were met 120 miles this side of Laramie, on the 16th April. About 100 wagons with supplies, were ready to move from Ft. Laramie as soon as Hoffman got up. The trains would reach Col. Johnston early in May.

The first ox teams that started this spring, were met just beyond Big Blue, early last week, and from that to Leavenworth, the party were continually passing trains, but in consequence of the bad state of the roads from rain, the trains were making no progress, most of them being corralled, waiting for better weather.

Benton and Cass—A Contrast.
Some of our contemporaries have forcibly presented the intellectual and moral contrast between the late Col. Benton and Gen. Cass, both of the same group of politicians, and the latter almost the last survivor of the illustrious band.

But we see this contrast nowhere more distinctly or more significantly marked, than in the pecuniary circumstances of each. Both had rare advantages, as public servants, to enrich themselves. They were alike placed in the way of such temptations as even many men who pass for honest would hardly resist. Through a long life, they alike were dependent for support on the rewards of their public services, having no other original source of income.

Benton dies poor. Cass is a millionaire. The former was a man who never suffered from any imputation upon his integrity, as a servant of the people. The latter may have always kept within the letter of the law, but who has forgotten his enormous items of "extra pay"? Every dollar that could be safely abstracted from the public treasury has been ready to take. There may be many who, in their last hour, would prefer to look back upon a "success" like that of Cass, but a wise man would prefer the career of Benton. "A good name is rather to be chosen than great riches."

OUR CITY'S PROSPERITY.—The prosperity of St. Joseph was never more apparent than now. It is estimated that at least seventy-five dwellings have gone up since the break of winter, or are now in process of construction. This too before a single kiln of brick has been burned, the principal material of which our buildings are erected. We hear of an innumerable number of houses which are to go up at an early day. The year 1858 will be one of remarkable progress in the history of our city.—*St. Joseph Gazette.*

THE NAMES OF WESTERN STEAMBOATS.—The Chicago Journal says, the majority of names borne by the craft upon our western waters, are singularly beautiful. Far down, from the northern springs of the "Missouri" dashes the "Montaineer" with a shout, while "Echo" answers from below, where the "Trapper" steals noiselessly along, nor heads the "Reveille" that beats the "Mississippi" into "Foam," and startles the "Prairie Bird" from its covert by the shore.

There comes the "Southern" with its heart of fire; and the "Union" with its flag unfurled, leaving the "Crescent City" behind, glides on to meet the "North Star," while "Dawn" turns the deep into "Pearl."

The "Pioneer" passing on his way, sees the flag of the "Columbia" unfurled afar, and athwart the cloudy "Banner" of the "Rainbow," streams the "Meteor" and the "Star," and from the "White Cloud" of the "Storm," sweep the "Eagle" and the "Falcon."

The "West Wind" comes with "Zephyr" in its train; there the "Antelope" and the "Arrow" winging after it, while the "Osage" and the "Chief" appear in the distance. The "Green Mountain Boy" lashed fast to the "Western Belle," and the "Buckeye" side by side with the "Maid of Orleans" and the "Creole Belle," away they glide to the song of "a life on the 'Ocean Wave.'"

Extract of a letter from R. O. Jessop, dated Friendship, Maryland, April 14, 1856.
I think, in time, your Oil will supersede all other external liniments, as it has succeeded in every case when tried. The people have been so badly galled in this section with worthless drugs, that they were afraid to try the Oil at first; but I find it is gaining confidence. I used it upon an animal of my own, with the best effect.

The Poetry of Physic.
AYER'S PILLS glide sugar-shod over the palate; but their energy, although wrapped up, is there, and tells with giant force on the very foundation of disease. There are thousands of sufferers who would not wear away their days in the vain hope that they could be cured for 25 cents. Try Ayer's Pills, and you will know it. Purify the blood, and disease will be starved out.

Cleanse the system from impurities, and you are cured already. Take this best of all purgatives, and Scrofula, Indigestion, Weakness, Head-ache, Back-ache, Side-ache, Jaundice, Rheumatism, derangements of the Liver, Kidneys, and Bowels, all derangements and all diseases which a purgative remedy can reach, fly before them like darkness before the Sun.

Reader, if you are suffering from any of the numerous complaints they cure—suffer no more—the remedy has been provided for you, and it is criminal to neglect it. That Ayer's Cherry Pectoral is the best medicine for a Cough, is known to the whole world; and that Ayer's Pills are the best of all Pills, is known to those who have used them.
